

Arrive ready to work

Three sections. Eight light slides. Spend 5-8 minutes after MTM Monday and update only what changed.

01

Shared context

- Slides 1-3 carry forward the End-of-Fellowship DFS and MTM target.
- Update the MTM and the facts you actually watch. Show weekly progress, dates, and sources.
- Account for last week's promises, then name what you learned and what changes.

02

Issue space

- Slides 4-6 list the issues most holding you back from your Fellowship goals.
- Frame one issue, then name the context, help, and useful outcome. Copy the pair for another issue when needed.
- The room can work one issue deeply or several as time allows.

03

Founder Pulse

- Slides 7-8 cover Rose, Bud, Thorn, and an optional candor cue.
- Share only what feels useful. Passing is allowed.
- If something matters but should not live in the deck, mark Ask me privately and discuss it live.

A 10/10 PRE-READ

The room understands the facts, sees how the issues connect to your Fellowship goals, and knows what help you want. The deck stays easy to scan before discussion starts.
